RE: Application of the Dehcho Land Use Plan to Possible Subdivision south of Hay River

Dear Mr. and Mrs. Collins,

I am responding to a question you raised during our consultations on July 14, 2004 regarding how our land use plan would deal with a possible subdivision of your property south of the Hay River Reserve. Our Committee discussed this possible land use and determined that because it is such a rare occurrence (i.e. very little privately owned land) the land use plan will not deal with this type of use, thereby deferring to the existing regulatory processes. Therefore you should not be affected by our planning process.

We welcome your continued involvement in our planning process. Should you have any questions, please don't hesitate to contact me at (867) 699-3164 or hwiebe@dehcholands.org.

Sincerely,

Heidi Wiebe
